STATE CORPORATION COMMISSION

NOTICE OF HEARING

The State Corporation Commission received a joint petition on August 19, 1986 from Midland Railway Historical Association, Inc. (Midland) and Santa Fe Trail Historical Society, Inc. (Trails) asking the commission to grant a certificate of convenience and necessity to operate as a common carrier railroad. The petition proposed to transport passengers over a rail-line between Baldwin, Kansas (milepost 14.95) and Ottawa, Kansas (milepost 26.04) in Douglas and Franklin counties, Kansas. The railline was previously owned and operated by the Atchison, Topeka and Santa Fe Railway Co. (Santa Fe). The Interstate Commerce Commission authorized abandonment of this line on June 11, 1985, (Docket No. Ab-52 Sub. No. 37). Trails and Midland are both non-profit organizations and propose to establish an educational and historical railroad.

The commission has set the above matter for hearing at 1:30 p.m. Monday, October 27, to receive testimony and evidence in support of the petition. All persons wishing to intervene, participate or protest this petition shall follow the commission's regulation, K.A.R. 82-1-225. ATTORNEY GENERAL

Opinion No. 86-129

Labor and Industries—Eight Hour Day on Public Work—Enforcement of K.S.A. 44-201 et seq. Rep. Marvin Wm. Barkis, 15th District, Louisburg, September 10, 1986.

While the Kansas Supreme Court has not specifically precluded the use of criminal sanctions to enforce the eight-hour work day regulations found at K.S.A. 44-201 et seq., it has precluded that option for purposes of enforcing the wage rate provisions of the act. The court has indicated a preference for civil, as opposed to criminal, methods of enforcement for the eight-hour work day provisions as well. If it is a public official who is in violation of K.S.A. 44-201 et seq., an action in mandamus may be brought to enforce the act's provisions, though only by reference of the attorney general or county attorney, or by any citizen with a specific interest or right distinct from that of the general public. If a contractor is violating the statutes, a laborer might be able to enforce those statutes through mandatory injunction or a suit on the contract as third party beneficiary. The Kansas Department of Human Resources has no jurisdiction to adjudicate wage claims based on violations of K.S.A. 44-201 et seq. Cited herein: K.S.A. 44-201; 44-202; 44-203; 44-204; 44-205; 75-6101; 75-6104. JLM

(Published in the KANSAS REGISTER, September 25, 1986.)

NOTICE OF BOND SALE
UNIFIED SCHOOL DISTRICT 487
DICKINSON COUNTY, KANSAS
\$160,000

GENERAL OBLIGATION
IMPROVEMENT BONDS
SERIES 1986

Unified School District 487, Dickinson County, Kansas, will receive sealed bids at the office of the district located at 209 E. Catalpa, Herington, KS 66449-3099, until 7:30 p.m. local time on October 13, 1986, for \$160,000 par value general obligation improvement bonds, series 1986, of the district, at which time and place such bids shall be publicly opened.

The bonds initially issued will be dated November 1, 1986 and shall mature on October 1 in each of the years and in the amounts set forth below. The bonds shall consist of fully registered certificated bonds, each in the denomination of \$5,000 or integral multiples thereof not exceeding the principal amount of the bonds maturing in any year. Interest will be payable semiannually on April 1 and October 1 of each year, commencing April 1, 1987. The principal of the bonds shall be payable in lawful money of the United States of America at the principal office of the Treasurer of the State of Kansas (the paying agent and bond registrar), to the registered owners thereof upon presentation of the bonds for payment and cancellation. Interest on the bonds shall be payable in lawful money of the United States of America by check or draft of the paying agent to the registered owners appearing on the books maintained by the bond registrar as of the 15th day of the calendar month next preceding the interest payment dates (the record dates). The fees of the bond registrar for the registration and transfer of the bonds shall be paid by the district.

The bonds will mature serially in accordance with the following schedule:

Principal Amount	Maturity Date October 1:
\$30,000	1987
30,000	1988
30,000	1989
35,000	1990
35,000	1991

Proposals will be received on the bonds bearing such rate or rates of interest not exceeding five different interest rates, as may be specified by the bidder. The repetition of a rate will not constitute a different rate. The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be in an even multiple of 1/8 or 1/20 of 1 percent. The

difference between the highest and lowest interest rates specified in any bid shall not exceed 2 percent. No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being 2 percent above the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, on the Monday next preceding the day on which the bonds are sold, and no bid of less than par plus accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bids shall be submitted on the official bid form furnished by the district, and shall be addressed to the district at the above address to the attention of Phyllis J. Harvey, Clerk of the Board of Education of the district, and shall be marked "Bond Bid." All bids must state the total interest cost of the bid and the average annual interest rate, certified by the bidder to be correct, and the district will be entitled to rely on the certificate of correctness. Bids must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid and shall be payable to Unified School District 487, Dickinson County, Kansas. In the event a bidder whose bid is accepted shall fail to carry out his contract of purchase, said deposit shall be retained by the district as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

The bonds, duly printed, executed and registered, will be furnished and paid for by the district, and the bonds will be sold subject to the approving opinion of Cosgrove, Webb & Oman, bond counsel of Topeka, Kansas, as to the validity of the bonds, whose opinion will be paid for by the district. The opinion will state that it is counsel's opinion, under existing law, that the interest on said bonds is exempt from present federal income taxation and the bonds are exempt from Kansas intangible personal property taxes, subject, however, to the following information.

On December 17, 1986, the U.S. House of Representatives passed the Tax Reform Act of 1985. The Act imposes additional requirements which must be satisfied in order for interest on obligations issued on behalf of local governments to be exempt from federal income taxation, which requirements are effective for all obligations issued after December 31, 1985. On June 24, 1986, the U.S. Senate passed an amendment which was a substitute to the Act, which contained a provision which would subject interest on the bonds, if held by a corporation, to alternative minimum taxation for taxable years commencing after December 31, 1986. The provisions of the substitute regarding tax exempt bonds would be effective on the date of enactment and would not affect bonds issued prior to enactment.

On August 16, 1986, the Joint Committee on Taxation adopted a final agreement concerning the Act, which must next be considered by both the House of Representatives and the Senate. If the Act as amended by the August 16 agreement becomes law, there is no assurance that the district will be able to comply with unknown requirements which may be contained therein. The failure of the insurer to comply with such

requirements might jeopardize the tax exempt status of the bonds from their date of issue. In that event, the bonds would not be callable, nor would the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

The number, denomination of bonds and names of the initial registered owners shall be submitted in writing by the successful bidder to the bond registrar not later than October 24, 1986.

The purchaser will be furnished with a complete transcript of proceedings, evidencing authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in funds which are immediately available for use by the district. Delivery of the bonds will be made to the successful bidder on or before November 12, 1986, at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the district; delivery elsewhere will be made at the expense of the purchaser.

The bonds will constitute general obligations of the district payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable, tangible property within the district. The bonds are being issued for the purpose of paying a portion of the costs of the removal or encapsulation of friable asbestos-containing material in certain facilities and buildings of the district, pursuant to K.S.A. 12-5401 *et seq.* and K.S.A. 10-101 *et seq.*, as amended and supplemented.

Sealed bids for the bonds shall be opened publicly and only at the time and place specified in this notice. The district reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the district, and the net interest cost will be determined by deducting any amount of any premium paid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

The equalized assessed valuation of taxable tangible property within the district for 1985 is \$9,929,401. The total general obligation bonded indebtedness of the district, including the bonds, will be \$280,000.

Additional copies of this notice of bond sale and further information may be received from the Public Finance Department, George K. Baum & Company, Kansas City, MO 64105, (816) 474-1100, financial adviser for the district.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on May 1 and November 1 in each year, beginning on May 1, 1987.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the county and the Attorney General of the State of Kansas. The bonds may be registered as fully registered certificated bonds or uncertificated (book entry) bonds at the option of each registered owner.

The county will pay for the fees of the bond registrar for registration and transfer of the bonds and will also

pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

The type and denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar at least two weeks prior to the closing date.

Redemption of Bonds Prior to Maturity

Bonds maturing in the years 1987 through 1995 shall become due without option of prior payment. At the option of the county, bonds maturing in the year 1996 may be called for redemption and payment prior to maturity in whole or in part in inverse order of maturity (selection of bonds within the same maturity to be by lot by the county in such equitable manner as it may determine) on November 1, 1995, or on any interest payment date thereafter at the principal amount of the bonds so called for redemption, together with accrued interest to the date of redemption.

If the county shall elect to call any bonds for redemption and payment prior to the maturity thereof, the county shall publish once in the Kansas Register and in a financial journal published in New York, New York, a notice of the intention of the county to call and pay said bonds, the same being described by number and maturity, the notice to be published in said financial journal not less than 30 days prior to the date on which said bonds are called for payment and in the Kansas Register not less than 15 days prior to the date on which said bonds are called for payment. The county shall also give written notice of its intention to call and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the State Treasurer of Kansas, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed not less than 30 days prior to the date fixed for redemption. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No rate specified shall be lower than any rate specified for an earlier maturity of the bonds. No bid of less than the par value of the bonds and accrued interest thereon to the date of

delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the county during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid. Each bid shall also specify the average annual net interest rate to the county on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The county reserves the right to reject all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued pursuant to Charter Resolution 18-84 of the county, K.S.A. 19-4001 *et seq.*, K.S.A. 65-580 *et seq.* and K.S.A. 68-728 *et seq.*, all as amended, for the purpose of paying the cost of constructing a mental retardation facility, road and bridge improvements, and sewer improvements. The bonds and the interest thereon will constitute general obligations of the county, payable in part from special assessments levied upon the property benefited by the construction of said improvements and, if not so paid, from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the county, with the balance payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the county.

Legal Opinion

The bonds will be sold subject to the unqualified approving opinion of Gaar & Bell, bond counsel, Overland Park, Kansas. The cost of this legal opinion and the expenses of printing the bonds and legal opinion will be paid by the county. The legal opinion will cite in part substantially that the bonds will constitute general obligations of the county, payable as to both principal and interest from the collection of special assessments which have been levied on benefited property; but any portion of said special assessments not so paid will be payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the county. See the preliminary official statement referred to herein for information concerning the opinion of bond counsel with respect to the federal tax exempt status of the

interest on the bonds. A manually signed original of each such opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate relating to the completeness and accuracy of the official statement and notice of bond sale.

Delivery and Payment

The county will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder within 45 days after the date of sale at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the county.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the United States House of Representatives passed H.R. 3838, the Tax Reform Act of 1985, which bill presently is pending in Congress. The bill in its present form imposes additional requirements which must be satisfied in order for interest on obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. On June 24, 1986, an amendment to the bill in the nature of a substitute was adopted by the United States Senate. On August 16, 1986, a joint conference committee composed of representatives of the United States Senate Committee on Finance and the United States House of Representatives Committee on Ways and Means adopted an outline of agreements that it had reached relating to the bill. The conference agreement provides that the provisions of the bill relating to obligations of state and local governments would generally be effective for obligations issued after August 15, 1986. Certain of these provisions would impose requirements which must be met subsequent to the issuance and delivery of such obligations in order for interest thereon to be and to remain exempt from federal income taxation.

The county has covenanted to the extent permitted by law to take all actions necessary to maintain the federal tax exempt status of the interest on the bonds. The bill as agreed to in principle in the conference agreement is subject to change, and, if it becomes law, may contain requirements which differ from those contained in the bill as agreed to in principle in the conference agreement. Therefore, there can be no assurance that the county will be able to comply with such requirements. The failure or inability of the

(continued)

county to comply with the requirements of the bill could jeopardize the tax exempt status of the bonds. In such event, the bonds are not callable and the interest rate on the bonds will not be adjusted to reflect the loss of the tax exemption.

See the preliminary official statement referred to herein for information concerning the opinion of bond counsel with respect to the federal tax exempt status of the interest on the bonds.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$176,200, payable to the order of the county to secure the county from any loss resulting from the failure of the successful bidder to comply with the terms of his bid. No interest will be paid upon the successful bidder's good faith check. Said check shall be returned to the bidder if his bid is not accepted. If a bid is accepted, said check will be held by the county until the bidder shall have complied with all of the terms and conditions of this notice, at which time the check will be returned to the successful bidder or paid to his order at the option of the county. If a bid is accepted but the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the county as and for liquidated damages.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the county.

Bond Rating

The outstanding general obligation bonds of the county are rated "Aa" by Moody's Investors Service, Inc., and the county has applied for rating on the bonds herein offered for sale.

Bid Forms

All bids must be made on forms which may be procured from the county clerk or the finance director. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any and all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned county clerk, and marked "Proposal for the Purchase of Internal Improvement Bonds." Bids may be submitted by mail or delivered in person to the undersigned at the Johnson County

Courthouse and must be received by the undersigned prior to 9 a.m. C.D.T. on October 2, 1986.

Official Statement

The county has prepared a preliminary official statement, copies of which may be obtained from the county clerk or from the finance director. Upon the sale of the bonds, the county will adopt the final official statement and, upon request, will furnish the successful bidder with a reasonable number of copies thereof without additional cost. Additional copies may be ordered by the successful bidder at his expense.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the county as of August 1985 is \$1,397,625,756. The total general obligation indebtedness of the county as of the date of the bonds, including the bonds being sold, is \$120,964,959.53. Temporary notes in the principal amount of \$2,141,630 will be retired out of proceeds of the bonds and other available funds.

Additional Information

Additional information regarding the bonds may be obtained from Ronald F. Cousino, Finance Director, County Courthouse, Olathe, KS 66061, (913) 782-5000, extension 5534.
